Mary L. Cottrell

Secretary

Department of Telecommunications and Energy

One South Station

Boston, MA 02110

Dear Ms. Cottrell,

Dig Safe System, Inc. (DSSI) hereby provides comments relating to the petition filed by DSSI on November 10, 2005 for implementation of 811 as the abbreviated dialing code for providing notification of excavation activities to underground facility operators within Massachusetts.

Dig Safe System, Inc. has completed all the necessary changes toward the implementation of the 811 number. This includes the installation of a dedicated toll-free number (866-892-9177) for use by the telephone carriers to route 811 calls into the Dig Safe Call Center. This toll free line is currently active and ready to receive 811 calls between now and April 13, 2007.

Please contact me with any questions at 781-721-1191 or bfinelli@digsafe.com.

Sincerely,

A handwritten signature in dark ink, appearing to read "Robert S. Finelli". The signature is fluid and cursive.

Robert S. Finelli

Executive Director
